Maritime Training Package

The University of Tasmania, trading as the Australian Maritime College (AMC) is a registered Training Organisation and has a partnership agreement with AMC Search Ltd. This enables AMC to award Statements of Attainment within its scope of registration where short courses administered by AMC Search have been deemed equivalent to units of competency within the Maritime Training Package. This is identified throughout the programme by the unit title and code from the Maritime Training Package. Units delivered under the Maritime Training Package are GST free.

Delivery Strategy

The course will be delivered by classroom theory sessions and practical hands-on training sessions.

Physical Fitness

This is in part a practical course and all attending are required to participate in drills which require the use of fire fighting appliances and equipment, fire fighting agents and breathing apparatus. Some of the exercises are conducted in confined spaces, are strenuous and require a reasonable degree of physical fitness. Participants who require medication for breathing problems are advised to ensure they have supplies with them on practical fire fighting days.

What to bring with you

AMC provides protective equipment such as: boots, leggings, coat, gloves and hard hat. Participants must provide their own: overalls, socks, underwear, towels, etc. and adequate spares. It is strongly recommended that participants remove all jewellery prior to the practical exercises. Please ensure your jewellery is removed and safely stored prior to the practical exercise. Please note AMC Search accepts no responsibility for jewellery lost during practical exercises.

Assessment Strategy

A range of methods is suggested for measuring progress towards and achievement of learning outcomes in this module. Knowledge-based criteria will be satisfied through written or oral questioning relating to practical assignments. Skill-based criteria will be satisfied through practical fire fighting and tabletop exercises throughout the learning period. Assessment will be undertaken off-the-job, however, where possible the environment will simulate a real work place situation.
