

INTERNATIONAL SAFETY MANAGEMENT (ISM) INTERNAL AUDITORS COURSE (ONLINE) ONLINE

Provides participants with the knowledge necessary to conduct ISM internal audits and to understand the strengths and weaknesses of auditing and their role in a safety management system.

This course is designed to teach you how to conduct an ISM Internal Audit and also understand the principles of a Safety Management System.

It will take approximately 8 hours in total to complete this course.

You will be able to do the course in sections if you wish.

The course consists of 3 learning modules and 1 assessment module:

1. Principles of Safety Management Systems
2. ISM Code and Regulations
3. Conducting the internal audit
4. Design your own internal audit

On completion of this unit, you will be able to:

1. Identify the principles underlying the development and implementation of safety management systems
2. Explain the key elements of the ISM Code
3. Identify the difference between a good and a poor audit
4. Produce an example of your own ISM internal audit, implement it and create a set of corrective actions
