

MENTOR PILOT TRAINING PROGRAM

Delivered by Human Factors specialist Associate Professor Ben Brooks, this course will equip mentor pilots with an understanding and skill set in the principles and practices of effective mentoring for trainee Marine Pilots. Participants will develop the knowledge and skills to be an effective mentor by:

1. Developing a detailed map that unpacks the visible and hidden culture of your organisation or part of the organisation and describe how this supports trainees to thrive.
2. Understanding the psychological principles that underpin the mentor-trainee relationship and how to get the best out of trainees.
3. Demonstrating effective debriefing of trainees following observation under a range of conditions within a simulated environment.

The course commences with preliminary online studies followed by two days of classroom study and one day in the simulator conducting practical activities. The course will include the following topics:

Topic 1: Creating a Legacy – managing the culture that mentees arrive and develop in

Participants will finish this session with a detailed cultural map of the current and future state of your organisation or part of the organization.

Topic 2: How to Win Friends (HTWF) and Influence Mentees – microskills in mentoring

Participants will finish this session with a detailed understanding of the principles of HTWF and how this can be applied to mentoring contexts.

Topic 3: Habits of Highly Effective Mentees

Additionally, participants can undertake a Human Synergistics: Lifestyle Inventory 1 (LSI 1) survey and one-on-one debrief. The LifeStyles Inventory (LSI) tool has helped millions of people understand and change their thinking and behavioral styles to increase their effectiveness.

Topic 4: Putting the learning into practice

Participants will put into practice the key skills associated with managing mentees and giving feedback both on-water and off-water in the simulator.

We'll perform a minimum of 8 runs across the day.

For more detailed information, please [download our flyer](#).

If you require further information, please email Associate Professor Ben Brooks on benjamin.brooks@utas.edu.au or call on +61 409 768 583.

REGISTRATION TERMS

Face to face courses

Cancellations up to 15 working days prior to the scheduled date will be accepted without penalty. Cancellations less than 15 working days will be subject to 100% cancellation fee.

DURATION: 3 days

COURSE DATES:

03-05 August 2026 | Launceston, TAS |
\$3,600

AMC Search reserves the right to cancel the course 15 working days prior to the scheduled date if insufficient registrations are received. Any fees paid for cancelled courses will be refunded in full.

When making flight bookings please ensure you book on a fully refundable basis.

PAYMENT TERMS

Online course registrations

Payment of course fees, or authorisation to invoice from your company, is required before access to the online learning environment is provided. Please note, it will take between 2-4 business days to provide your access to the online course if you have not studied previously with AMC Search, the Australian Maritime College or the University of Tasmania.

Self-funded registrations

Once payment is requested, it must be received by the stated deadline. If payment is not received and no contact has been made by that deadline, AMC Search reserves the right to remove you from the course.

Company sponsored registrations

All company-sponsored registrations must be supported by a valid Purchase Order (PO) within 7 days of registration. Please send the PO to AMCS.courses@utas.edu.au and include the student's name in the subject line. If these requirements are not met, AMC Search reserves the right to remove the student from the course.

PAYMENT OPTIONS

Payment methods accepted:

- Register now and pay later (payment required 15 days before the course starts)
- Credit Card (online or via (03) 6324-9850)
- Bank Deposit
- Company sponsorship.
