

AMC SEARCH LTD. QUALITY POLICY

- To consistently supply services and products to meet the requirements of all customers
- To maximise profits through quality controlled maritime training courses, and consultancy services
- Ensure that customer requirements are recognised and implemented through consistent monitoring of customer satisfaction and seek opportunities for continuous improvement of services and products
- Ensure all services and products meet the requirements of relevant standards, legislation and requirements of regulatory authorities
- To continue to evaluate, train and develop AMC Search employees to ensure these employees have the skills and resources required to meet quality objectives
- It is the responsibility of all employed at AMC Search to commit to the continual improvement of the QMS and to ensure that the requirements of the QMS are met.
